To whom it may concern:

As a result of the FEC letter dated December 11, 2002, and our own review of our records we have filed an amended October Quarterly Report and an Amended Pre-Election report for General Election 2002. Below is a summary of the issues that were pointed out by the FEC's review and in our research and how they have been dealt with:

- 1) On 8/10/2002 CLF made a \$2,500 contribution to Katrina Lantos Swett that was intended for the General Election. However, the contribution was sent before the candidate's Primary Election was held and no documentation was created to confirm the intent. Under FEC regulations the contribution is assumed to have been made for the Primary election. CLF had already given the limit for the primary, therefore the 8/10 contribution was over the limit. CLF requested a \$2500 refund from the campaign. (Photocopy of the letter is attached).
- 2) On 10/25/02 CLF made a \$4,000 contribution to the Michaud for Congress campaign. The contribution was the result of a solicitation to pay off the campaign's primary debt and a notation was made to that effect when the check was sent. However, on the Pre-Election Report the contribution was incorrectly identified as a contribution to the general election campaign. That report has been amended and a copy of a letter to the campaign confirming the intent is attached.
- 3) On 10/15/02 CLF made a contribution to the Leonard Boswell for Congress campaign which caused the PAC's aggregate contribution to exceed its permissible limit by \$1,000. A refund of the excess amount has been requested. (Photocopy of the letter is attached).
